## About Us

United Nations Volunteers (UNV) contributes to global peace and development through volunteerism. We work with the UN to integrate qualified, motivated and well-supported UN Volunteers into development programmes and to promote the value and recognition of volunteerism.

Our volunteers bring diversity, innovation, and a strong community focus to complement the UN workforce.

This experience has already taught me so much —about countries beyond my own, about evaluation as a tool for peace and development, and about UNESCO's unique role in the field.
