

VoC

Voices of Change

Overview

Voices of Change (VoC), a monthly interactive webinar series, is a platform for UN Volunteers to connect with fellow volunteers globally, exchange experiences and insights, and grow personally and professionally.

By raising awareness of our contributions towards the SDGs, VoC adds to our collective knowledge and personal development.

It also encourages inter-agency knowledge sharing, to identify innovative solutions to challenges, driving change and making a positive impact on our work and in our communities.

Join the movement of change and be part of the solution!

Why Voices of Change?

Foster interaction, networking and mutual learning with your peers.

Build communities of practice and strengthen professional connections to exchange good practices from across the UN.

Provide a safe space to develop presentation, public speaking, moderation, and other related skills to enhance your confidence and performance.

Raise awareness of your contributions as UN Volunteers towards the SDGs to enhance recognition.

How can I join VoC?

Look out for our invitation to sign up as a **moderator / panelist**. You will be asked to provide your area of expertise / assignment and selected role. Also include information on your relevant experience and expertise, motivation to participate, and availability.

As a **moderator**, you will host a webinar on a particular topic to guide the conversation and motivate others to act.

As a **panelist**, you will share your contributions and offer insights, advancing our collective knowledge and personal growth.

As a participant, look-out for our email inviting you to register for upcoming VoC events.

What are the eligibility criteria?

As a serving UN Volunteer, you must have:

served for at least 6 months.

relevant experience or expertise in the topic of discussion.

good communication skills and willingness to learn.

the availability to prepare and participate in the webinar.

commit to contribute to promotional material promoting your contributions, supported by an online volunteer.

UNV Capacity Development Team will review your application and get in touch with further details about the webinar and your role as a moderator or panelist.

What are the Voices of Change webinars about?

The thematic areas of VoC revolve around the SDGs, enabling UN Volunteers from different functional categories and UN Host Entities to offer a variety of perspectives and good practices for a rich discussion and possible application at work.

When are the VoC scheduled?

Delivered monthly based on the availability of participating UN Volunteer panelists. **Sign-up and secure your spot as a participant once you receive our email to register.**
